Application Guidelines for Paper Publishing Expenses Support

by Advanced Global Training Project for Integrated Academic Education,
Graduate School of Integrated Sciences for Global Society, Kyushu University

The project will offer financial support for the expenses necessary for students having his/her English paper published in international academic journals. The support is designed for the purpose of encouraging students to make more international publications of his/her academic research.

1. Applicant Eligibility

Applicants are required to be degree-students enrolled at the Graduate School of Integrated Sciences for Global Society (ISGS) or the Graduate School of Social and Cultural Studies (SCS), whose English paper on his/her own research is to be published in an international academic journal, which is internationally prestigious and influential.

Please note that you are not eligible in case any of the following applies.

- (1) You have already arranged financial support from another institution for publishing the intended English paper in an international academic journal.
- (2) You have already paid the bill for the publication of the intended English paper.

2. Number of Recipients, Amount of Support and Target of Support

- Number of Recipients: maximum of 10 students or so / year
- Amount of Support: maximum of 100,000 yen/ application, as a general rule
maximum of 300,000 yen in case of a significantly excellent work
- Target of Support: expenses for publishing his/her English paper in an international academic journal, which is internationally prestigious and influential such as one given high Impact Factor value.

Color printing charge and Article Processing Charge (ARC) for so-called “open access” journals may be included. Offprint fee is ineligible for the support, however, it may be also included in case it is impossible to specify the offprint fee out of the total fee remarked in the invoice for the publication.

※The number of recipients and the amount of financial support are subject to change, due to the budget situation.

※Application is limited to one time within one fiscal year from one applicant.

3. Criteria and Method of Selection

Submitted application documents will be strictly examined according to the criteria listed below in order for us to select the recipients and to determine the amount of support.

- (1) Impact Factor value of the academic journal in which the paper is to be published
- (2) Authors of the paper (Applicants are required to be the first author or the corresponding author in case of a joint work.)

4. Application Method and Deadline

For those who are eligible, directly submit the following documents to the Global Project Office, ISGS. (Refer to the section 6 as below.)

【Application documents】

- (1) Application for paper publishing expenses support (Form1)
- (2) Invoice for the paper publication, which shall clearly state the title of the paper.
※Any expenses other than paper publication charge, such as offprint fee shouldn't be included in the invoice.

5. Notification of Selection Results

Selection of support recipients will be conducted by Advanced Global Training Project Committee of ISGS. Applicants will be directly notified of the result by email.

6. Applications and Inquiries:

Global Project Office, ISGS, Kyushu University
Room 322, 3F of the bldg. of Faculty of SCS, Faculty of LC
E-mail:suishinshitsu@scs.kyushu-u.ac.jp
TEL:092-802-5667

7. Submission of Report

The following documents are to be submitted to the Global Project Office, ISGS via email.

as soon as possible after the relevant paper is published in the intended journal.

- ① Report on Paper Publishing Expenses Support (Form 2)
- ② A copy of the published paper

8. Other Notes

- (1) Any changes in the descriptions in the application form and the support content cannot be made after the selection result has been announced, in principle.
- (2) The names of the support recipients will be announced on the ISGS HP (<http://isgs.kyushu-u.ac.jp/en>) as well as the website of the Advanced Global Training Project of ISGS (<http://isgs.kyushu-u.ac.jp/Project/en>).
